Other Federal Agencies

Renew America's Schools Prize

Deadline: *This grant application window is currently closed. Please [sign up](#) to receive email notifications for updates on grant opportunities.*

Description: Provides funding to help districts build capacity, perform energy audits, and plan/implement energy improvement projects across a portfolio of school facilities.

Please note: This funding opportunity consists of three phases. During Phase 1, competitors will build teams and curate lists of at least 10 schools and school facilities that demonstrate compelling need and eligibility for investment. Phase 1 winners will earn a cash prize of \$300,000 and move on to Phases 2 and 3, during which they will enter and execute Cooperative Agreements with the U.S. Department of Energy.

Department of Homeland Security

Fiscal Year 2024 Targeted Violence and Terrorism Prevention (TVTP) Grant Program

Low
Level of Effort

Deadline: *This grant application window is currently closed. Please [sign up](#) to receive email notifications for updates on grant opportunities.*

Description: Provides funding for state, local, tribal, and territorial governments; nonprofits; independent school districts; and institutions of higher education to establish or enhance capabilities to prevent targeted violence and terrorism. Funding supports online, in-person, and hybrid projects that address the threat of online pathways to violence as well as the threat of violence in physical spaces.

Department of Health and Human Services

Improving Adolescent Health and Well-Being Through School-Based Surveillance and the What Works in Schools Program

Medium
Level of Effort

Deadline: *This grant application window is currently closed. Please [sign up](#) to receive email notifications for updates on grant opportunities.*

Description: Provides funding to support the implementation of activities at multiple levels of the public education system to achieve health goals, including the What Works in Schools program and building the capacity of agencies to assist local education agencies (districts and schools). CDC's What Works in Schools program is a primary prevention approach that supports school districts in implementing three key strategies: providing quality health education, connecting youth to health services, and creating safe and supportive learning environments.

Other Federal Agencies

Grant Funding to Address Indoor Air Pollution at Schools

Deadline: *This grant application window is currently closed. Please [sign up](#) to receive email notifications for updates on grant opportunities.*

Description: Provides funding for grants and other activities to monitor and reduce greenhouse gas (GHG) emissions and other air pollutants at schools in low-income, disadvantaged and Tribal communities through the development and adoption of comprehensive indoor air quality (IAQ) management plans. States, local governments and educational agencies, U.S. territories, Indian Tribes, and nonprofit organizations with experience conducting *national, regional, or multi-state* IAQ management capacity building programs, providing IAQ training, executing IAQ research in school settings, or disseminating IAQ standards/policies that have achieved positive outcomes – especially with schools and Tribal entities – are encouraged to apply.
